

# ***Alabar Breeding Offer***

The recent funding enhancements announced by HRNZ are some of the most significant ever.

An integral part of maximising the long-term benefits of this extra funding is not only breeding more foals – but more people breeding more foals.

Alabar would like to encourage more people to breed – and to make it easy for them to do so.

In this regard, we're excited to make the following offer:

- ***We will gift any of the mares on the list below***
- ***All you need to do is to breed the mare to an Alabar stallion at Alabar NZ this year***
- ***Only the service fee will be payable***
- ***No agistment or veterinary fees will be payable***
- ***Once the service fee is paid the mare is yours***

**Further details of the offer are as follows:**

- Choose one or more of the mares on the list and complete a service contract
- Breed the mare to an Alabar stallion at Alabar NZ
- Once she's in foal, pay the service fee within 30 days of invoice (multiple mare discounts will apply) - or take advantage of the 20%, payment by 30 Sept 2024 discount
- No agistment or veterinary fees payable (until 30 days after the mare has had her final pregnancy test or, if applicable, until after her 2024 foal has been weaned)
- Once the mare has had her final pregnancy test, the service fee paid and, if applicable, her 2024 foal has been weaned, we'll sign the ownership of the mare over – she's yours to take wherever you want – hopefully to go on to breed many more foals
- To clarify, for the mares that are in foal for us, the responsibility for agistment, veterinary fees and ability to take the mare won't start until after our foal has been weaned
- Until the service fee has been paid and the transfer of ownership is signed by Alabar, all care and treatment of the mare will be at the cost and discretion of Alabar
- The offer doesn't include the foals currently being carried by the mares
- If the mare doesn't get in foal, the arrangement is cancelled with no costs payable
- Live foal guarantee applies on paid services
- Should more than one request be made for any of the mares, who the mare is made available to will be at Alabar's discretion. We reserve the right to charge a refundable holding deposit in this instance
- The offer is available for multiple mares and is transferrable to anyone keen to breed

## Alabar NZ Ltd - Mares available for breeding initiative
